ASSETS.

Cash in hand of treasurer,	459 47
Cash in hand of C. B. Gile, collector for 1873,	57 23
Due from G. R. Judkins estate,	57 36
	$574 06
Indebtedness of town above means,	$12,971 74
Indebtedness, March 1, 1884,	15,333 85
Indebtedness, March 1, 1885,	12,971 74
Reduction of the debt for the year,	$2362 11

We take pleasure in reporting that the collector has collected all taxes assessed for the year 1884, as also all taxes for previous years, except 1873, which we have instructed the collector to collect at once. To do this we have made abatements for 1884 of only $32 44, a sum much smaller than has heretofore been necessary to abate by the old system of collecting taxes. We recommend that the future collectors be required to give bond for the collection of all taxes by Feb. 10th of each year.

As our report shows, we have reduced the debt for the year ending March 1st, 1885, $2362 11, while we have reduced the interest bearing debt $4067 57, a saving in interest of $160 00 per year.

The town has petitioned the Supreme Court to require the towns of Laconia and Sanbornton to help maintain Mosquito Bridge, which petition was referred to the county commissioners and a hearing upon the same had, and the commissioners will make their report to the Supreme Court at the March term.

All of which is respectfully submitted.

ISAIAH PIPER,
PIKE DAVIS,
SAMUEL N. JEWETT,
} Selectmen of Belmont.

REPORT

OF THE

SUPERINTENDENT OF SCHOOLS.

As infinite wisdom has seen fit to remove an esteemed friend and citizen, Mr. Walter H. Philbrick, our Superintending School Committee, we were appointed to fill the vacancy for the remainder of the year, but, as all the schools had closed, with the exception of two, and as no records or notes of Philbrick's could be found whereby we could obtain an idea of the standing of the schools, our report must of necessity be short.

DISTRICT NO. 1.

Spring term of eleven weeks, taught by Miss Carrie A. Smith.

Summer term of ten weeks, taught by Miss Ella C. Gilman.

DISTRICT NO. 2.

Fall term of nine weeks and three days, taught by Mr. Solon F. Hill.

DISTRICT NO. 3.

Spring term of nine weeks, and summer term of twelve weeks and three days, taught by Miss Bertha A. French.

DISTRICT NO. 4.

Spring term of seven weeks, taught by Mr. Thomas D. Wells.

Winter term of seven weeks, taught by Miss Etta F. Heath. We will say, in regard to these schools, that we were informed by the prudential committee, C. W. Knowles, that they were very satisfactory, and that both Mr. Wells and Miss Heath were very successful

VILLAGE DISTRICT, NO. 5—GRAMMAR.

Spring term of eight weeks, summer term of seven weeks and three days, and winter term of four weeks and three days, taught by Miss Louise A. Eaton. As the second and third terms were shortened by scarlet fever raging to some extent in the village, there were no examinations. As the winter, or third term, was in session when we were appointed, we were privileged to visitation the day it was closed. Although no preparations had been made for examinations, yet the scholars seemed to be perfectly familiar with all they had been over. And in regard to Miss Eaton, we can only say she is a model teacher.

VILLAGE DISTRICT, NO. 5—PRIMARY.

Spring term of eight weeks, summer term of seven and three days, winter term of five weeks and four days, taught by Miss Winnie Judkins. This school shared the same disadvantages as the grammar. We were present on the day it was closed, and were very much pleased with the general appearance. We think Miss Judkins has been very successful so far, and we hope the district may succeed in securing her in the future.

DISTRICT NO. 6.

Spring term of seven weeks, taught by Miss Ina M. Farrar.

Second, or winter term, taught by Miss Helen H. Cochrane, of ten weeks and three days.

DISTRICT NO. 7.

Spring term of six weeks, and fall term of twelve weeks, taught by Miss Olive A. Bennett.

DISTRICT NO. 8.

Fall term of eight weeks, and winter term of seven weeks, taught by Miss D. F. Emerson.

DISTRICT NO. 9.

Spring term of six weeks, taught by Miss Grace A. Atkinson.

Winter term of seven weeks, taught by Miss Isa S. Price.

We were present at the close of this school but were not able to judge of the progress, as it was our first visit. We understand the school was unfortunately somewhat broken up owing to the illness of the teacher. The scholars were prompt in their answers and seemed to understand what they had been over. Good order prevailed and there existed a spirit of love between the teacher and scholars which is of infinite value in the school-room, and, considering her illness with which she had to contend, we think Miss Price was very successful.

DISTRICT NO. 10.

Fall term of eleven weeks taught by Miss Isa M. Sanborn.

DISTRICT NO. 11.

Fall term of six weeks, taught by Miss Carrie Moore.

We take this opportunity to very sincerely return gratitude to our friends and to the selectmen of Belmont for the honor

they bestowed upon us, by selecting and appointing us to fill the vacancy made by the decease of Mr Walter H. Philbrick. Coming unexpectedly, as it did, we felt our inability to finish the work so admirably begun by Mr Philbrick. We have tried to do the best we could under the circumstances. The schools we visited seemed to be very satisfactory. Of the others we have no personal knowledge. We will say, however, in behalf of those we did not visit, that the father of the deceased informed us that they were all very satisfactory.

Very Respectfully,

J. M. SARGENT,

Superintending School Committee,

Pro tempore.

OUR MINERVA BOOT.

It has been the aim of all ages to produce in a boot, at a low figure, all the qualities, contained in one at a high price, such as style, fit, finish, and durability. This boot is made from a Curacoa Kid, with French button piece, worked button-hole, fitted with the best of silk, on Spanish arch last, French heel, flexible insole, sole leather counters. This boot we carry in the different widths, and offer at $2.50 a pair, and defy any other house to produce as good for the money.
